

TWERTON AND WHITEWAY

Spring 2026

Community Network Newsletter

The lambs are due any minute now at **Bath City Farm**, the sun is peeking its way through the clouds, and the daffs are everywhere - spring is on the way!

The Twerton and Whiteway Community Network has been thinking about its future and hoping to become a '**Community Benefit Society**' which would make us an official organisation that could apply for funding, employ staff, and continue to support local initiatives in the long term. But we need a new name! Please bring name suggestions to the **Big Breakfast** on March 7th (poster below) or send suggestions to Kate and Sally (see overleaf for details on joining the Whatsapp community or emailing).

In other news, the council are recruiting for the Chair of the 'Pride in Place' '**Neighbourhood Board**', who as a group will make decisions about how the £20 million government funding is spent. Are you, or do you know someone who is passionate about the community and could lead this Board? Find out more at the council's 'early engagement events' running Friday 27th Feb- Sunday 8th March, based at **The Annex**, next to the Foyer on **Dominion Road**. More info on bathnesplaces.co.uk/prideinplace, or check our Facebook page.

The Pride in Place scheme is also sure to be discussed at the **Big Breakfast** so do come along - let's all work together to get the best result for our community. The forming of this Board is vital, and we should be thinking of who will represent the community as a board member in a couple of months time.

Community Organising sessions

An amazing group of locals got together in early Feb at Roseberry Road studios to celebrate all the wonderful things unfolding in our community and plan what's next. From new noticeboards and food shops to crochet meet ups and bereavement groups, so much great stuff has happened by people supporting each other to make the neighbourhood a happier, safer place to live.

There is a lot of energy around community spaces and community transport - how to preserve what we have already, restore what's been lost/removed, and build anew.

Ideas to work towards included a community shuttle bus, a community-run 'Hub' for different activities, and training in things like first aid and BSL. Photos to the left here of the day. Join the TWCN whatsapp group to hear about more events like this!
